Jean Profitt - Victim Services, Summerside
Sigrid Rolfe - PEI Rape & Sexual Assault Crisis Center

December 4th & 5th, 2006

**Howard Johnson Dutch Inn,
Cornwall, PEI**

9 am - 4pm

The *Making a Difference Canada* project addresses the issue of sexual assault from a collaborative perspective with generous funding provided by the Donner Canadian Foundation. PEI is one of eight selected sites in Canada to be a partner in this exciting initiative.

The purpose of this two-day training conference is to provide an opportunity for service providers, survivors, and various government and community partners to come together to learn and share experiences. The primary focus is on the impact of sexual assault on victims, investigative procedures, information sharing, collecting forensic evidence, and the elements of a coordinated, collaborative response.

Through enhanced communication, coordination education, and awareness, it is our intent to strengthen an integrated community response on PEI. Your input is important!

There is no cost to attend this training, and individuals are encouraged to register for either or both days. To ensure space is available, early registrations are encouraged.

To register, please contact:

Rona Brown
